

Stainless Steel CAN OPENERS

MADE IN THE USA

Detecto's expertise in manufacturing high-quality food service equipment shows in their all-stainless steel can openers. These durable, yet easy-to-use can openers are designed to open most popular sized cans and will provide years of dependable service.

All models are also simple to dismantle for easy cleaning and maintenance. The rust-resistant, corrosion-free stainless steel allows them to even be put through the dishwasher for fast cleanup.

DETECTO NSF-APPROVED CAN OPENERS

STAINLESS STEEL MAKES CLEAN-UP EASY

Sanitary stainless steel will not corrode and will provide years of can opening reliability. Put the CS-14 or CS-18 in the dishwasher for simple clean-up.

All Detecto can openers feature a reversible stainless steel knife, which translates into longer life and includes a pull pin and quick-change tool for fast, total disassembly and cleaning. All models also have a 440 hard stainless steel gear and stainless steel base plate.

MODEL	MATERIAL	BAR SIZE
CS14	Stainless Steel	14"
CS18	Stainless Steel	18"

DETECTO CAN OPENER FEATURES

- All models have a stainless steel base plate.
- All models are made in the USA.
- Interchangeable parts.
- Also available without the base plate.
- Sturdy, resilient design.
- Speedy, easy-to-use operation.
- Opens a variety of can shapes and sizes.

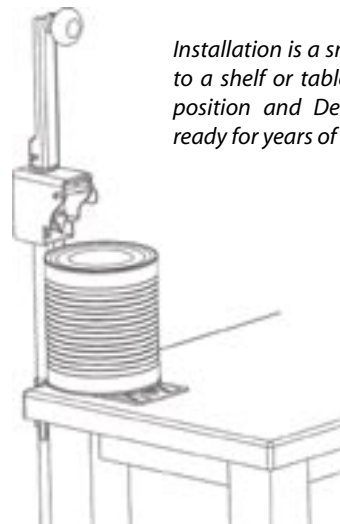

The removable blade assembly, which just requires pulling one pin, makes switching blades easy. The stainless steel blade is reversible for extended life span.

All Detecto can opener models are National Sanitation Foundation-approved helping ensure your restaurant receives a clean bill of health.

Cardinal Scale reserves the right to improve, enhance, or modify features and specifications without prior notice.

Installation is a snap - just attach the base to a shelf or table, drop the long bar into position and Detecto's can openers are ready for years of efficient work!
